

Digital Combination Locks for College Sports Locker Rooms

Experience the Future of Locker Room Management

Lowe & Fletcher digital combination locks redefine locker room security and management. Our advanced locks offer a robust and efficient solution to protect athletes' belongings and streamline your sporting operations.

In the dynamic environment of college sports facilities, our keyless electronic and RFID enabled locks provide a reliable solution, turning your athletes lockers into advanced smart locker rooms. Compatibility with the Remote Allocation System 2.0 (RAS 2.0) allows staff and students to experience the convenience of effortless locker allocation, removing the risks of lost codes and misplaced keys.

"The locks are easy to use and keep our players and coaches personal items safe and secure."

- ✔ RFID or Keypad Use
- ✔ RAS Compatibility
- ✔ Minimalist Design
- ✔ Management Override Key
- ✔ Extensive Selection (Wet area, ADA compliant and retro-fit options available)
